NATIONAL LEADERSHIP SUMMIT

on School Discipline and Climate

Washington, D.C. | October 6–7, 2014

DATA PACKET

Each team received a packet of materials on its table with data summaries for its state, or districts within its state, across a series of data collections. The same data are included on the flash drive that participants received at the start of the summit. These data summaries are drawn from the following collections:

Civil Rights Data Collection (CRDC)

OFFICE FOR CIVIL RIGHTS, U.S. DEPARTMENT OF EDUCATION <http://ocrdata.ed.gov/>

The CRDC collects data on key education and civil rights issues in our nation's public schools for use by the U.S. Department of Education's Office for Civil Rights (OCR), other Department of Education offices, and other policymakers and researchers. This data collection provides information about students in public elementary and secondary schools on a variety of indicators, including enrollment, access to educational programs or services, and academic proficiency results. The information is disaggregated, or broken out, by factors including race, ethnicity, sex, and disability. Data included in this packet highlight measures related to discipline and arrests.

OJJDP Data Collection

OFFICE OF JUVENILE JUSTICE AND DELINQUENCY PREVENTION
<http://www.ojjdp.gov/ojstatbb/default.asp>

OJJDP collects a variety of data focused on both juvenile crime and victimization, and youths involved in the juvenile justice system. The National Center for Juvenile Justice (NCJJ) has developed a statistical briefing book, which enables users to access online information via OJJDP's website to provide timely and reliable statistical information. The profiles in this packet provide a quick snapshot of state and national juvenile populations, juvenile victims, arrests, and youths in corrections, as well as national profile maps.

OSEP Data Collection

OFFICE OF SPECIAL EDUCATION PROGRAMS
<http://www.ideadata.org/>

The OSEP data collection is maintained by the Data Accountability Center (DAC). Federal data for each state are collected annually by state in relation to the *Individuals with Disabilities Education Act (IDEA)*, Parts B and C. Areas of data collection include educational environments, discipline, student assessment, dispute resolution, and students' exiting programs. These data are collected by disability category, race/ethnicity, gender, and limited English proficiency (LEP) status at the state education agency, local education agency, and school levels. The profiles in this packet are aggregate national-level data, so every state team has the same dataset.

Title I, Part D, Data Collection

OFFICE OF ELEMENTARY AND SECONDARY EDUCATION

<http://www.neglected-delinquent.org/fast-facts/united-states>

The National Evaluation and Technical Assistance Center for the Education of Children and Youth who are Neglected, Delinquent, or At-Risk (NDTAC) prepares State Fast-Facts Pages for the U.S. Department of Education and grantees of the Title I, Part D, Subpart 1, State Agency Programs. Fifty states, along with Puerto Rico and the District of Columbia, receive funds under Subpart 1. The longitudinal data provided on these pages highlights grantees' funding, student demographics, and key academic outcomes for children and youths who are neglected or delinquent and enrolled in these programs. The four key academic outcomes featured also are used to track Title I, Part D, program performance and are of particular importance to grantees and the U.S. Department of Education.

YRBS Data Collection

THE YOUTH RISK BEHAVIOR SURVEY

<http://www.cdc.gov/healthyyouth/yrbs/factsheets/index.htm>

The Youth Risk Behavior Survey (YRBS) is administered through the Centers for Disease Control and Prevention. Results from the survey provide data on health-risk behaviors among ninth- through 12th-grade students in the United States, including behaviors that contribute to injuries and violence, alcohol or other drug use, tobacco use, sexual risk behaviors, unhealthy dietary behaviors, and physical inactivity. YRBS also measures the prevalence of obesity and asthma among youths and young adults. The profiles in this packet present the trends in the prevalence of behaviors that contribute to violence on school property as well as national profile maps for the most current year available.

Juvenile Arrest Rates (per 100,000 juveniles ages 10 to 17)

Coverage Indicator*, 2012	90.6%	83.5%
Total juvenile arrest rate, 2012	5,384.7	3,948.3
Violent Crime Index arrest rate, 2012	111.6	187.1
Robbery arrest rate, 2012	26.2	65.4
Aggravated Assault arrest rate, 2012	75.0	111.8
Simple Assault arrest rate, 2012	306.7	517.9
Property Crime Index arrest rate, 2012	1,111.4	912.9
Larceny-Theft arrest rate, 2012	947.8	683.8
Drug Abuse arrest rate, 2012	612.6	416.6
Weapons arrest rate, 2012	65.6	71.4

Juveniles in Corrections

Commitment rate (per 100,000 juveniles, 10 to upper age), 2011	164	134
Detention rate (per 100,000 juveniles, 10 to upper age), 2011	70	61
Proportion of juveniles placed for non-person offenses, 2011	67%	67%
Ratio of minority to white rate of youth in residential placement, 2011	2.3	2.7

*Each state has a Coverage Indicator that represents the proportion of the state population for which arrest counts were available. The lower the coverage indicator; the greater the likelihood that the estimates do not accurately reflect the arrest activities of the state. A coverage indicator of zero means no arrest data were reported by that state. In such instances, no arrest rates are presented.

Title I, Part D, Data Collection

Summary of the Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At-Risk

Title I, Part D of the Elementary and Secondary Education Act

Authorizing Statute: Title I, Part D of the Elementary and Secondary Education Act (ESEA), as amended in 2001, consists of two subparts. The Subpart 1 State agency (SA) program was first authorized with Public Law 89-750, the Elementary and Secondary Amendments of 1966. The Subpart 2 local educational agency (LEA) program was created in its present form with the Improving America's Schools Act of 1994. The Title I, Part D program was most recently reauthorized under ESEA, as amended in 2001.

The goals of Title I, Part D are as follows:

1. Improve educational services for children and youth who are neglected, delinquent, or at-risk so they have the opportunity to meet challenging State academic content and achievement standards.
2. Provide these children and youth with services to successfully transition from residential placement to further schooling or employment.
3. Prevent youth who are at-risk from dropping out of school, and provide youth who drop out and children and youth returning from correctional facilities with a support system to ensure their continued education.

Program Office Information/Administration Structure: Title I, Part D is administered under the U.S. Department of Education (ED) Office of Safe and Healthy Students (OSHS). Dr. John McLaughlin serves as the Federal Program Manager [CFDA Numbers: 84.013 Subpart 1 (SA programs); 84.010 Subpart 2 (LEA programs)].

The National Evaluation and Technical Assistance Center for the Education of Children and Youth Who Are Neglected, Delinquent, or At-Risk (NDTAC; <http://www.neglected-delinquent.org>) is funded through Title I, Part D and serves as a national resource center to provide technical assistance to States, schools, communities, and parents on the education of children and youth who are considered neglected, delinquent, or at-risk. Contact information for State program coordinators and NDTAC staff is provided at <http://www.neglected-delinquent.org/state-information>.

Subpart 1 Funding

ED provides formula funding (see Table 1a) to State education agencies (SEAs) in all 50 States, the District of Columbia, and Puerto Rico under Title I, Part D, Subpart 1. Funding may be distributed to neglect programs, juvenile detention, and juvenile and adult corrections programs serving youth.

Subpart 2 Funding

Under Subpart 2, the number of SEAs that receive funds may vary from year to year (see Table 1b). In each of the past 3 years, 46 SEAs received Subpart 2 funding. Funds may be distributed to neglect programs, juvenile detention, juvenile corrections, and at-risk programs.

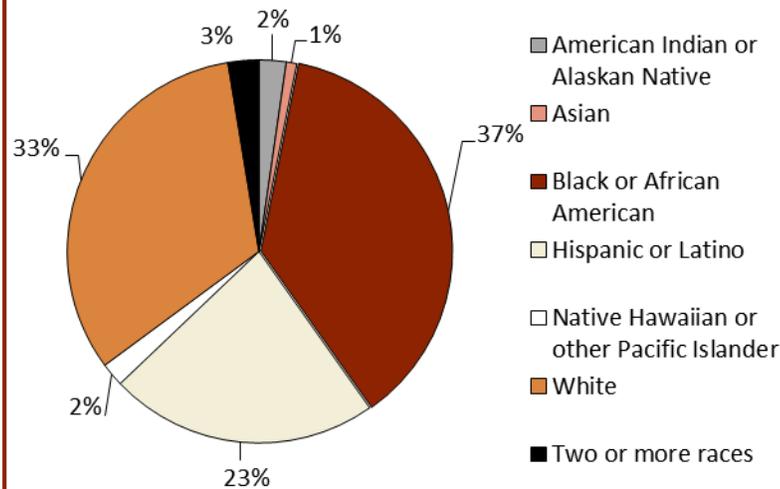

Table 1a. Title I, Part D Funding History—Subpart 1: State Agency Programs

School Year (SY)	Total Funding	Average Funding Across State Education Agencies (SEAs)	Average Number of Programs Receiving Funds per SEA
2010–11	\$49.2 million	\$943,506	17
2011–12	\$49.1 million	\$943,615	14
2012–13	\$49.0 million	\$941,829	13

Table 1b. Title I, Part D Funding History—Subpart 2: Local Education Agency Programs

School Year (SY)	Total Funding	Average Funding Across State Education Agencies (SEAs)	Average Number of Programs Receiving Funds per SEA
2010–11	\$147.9 million	\$3.2 million	58
2011–12	\$141.7 million	\$3.1 million	54
2012–13	\$134.8 million	\$2.9 million	55

Figure 1. Student Distribution by Race/Ethnicity, SY 2012–13¹

Student Demographics

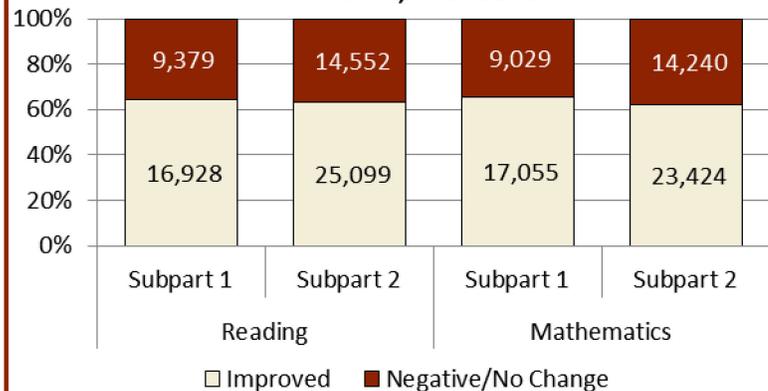

In school year (SY) 2012–13, 401,765 students were served by Title I, Part D, Subpart 1 and 2 funds. Of those students, 73 percent were in juvenile detention or juvenile correctional programs.

- **Race/ethnicity:** Across all programs receiving funds, the majority of students was either Black or African American (37 percent) or White (33 percent; see Figure 1¹).
- **Gender:** The majority of students enrolled in Title I, Part D programs was male (75 percent).
- **Age:** Students across Title I, Part D programs were predominantly 14–18 years of age (81 percent).

Student Academic Performance in School Year 2012–13 (Estimates)

- Over 60 percent of long-term students² with test results demonstrated improvement in both mathematics and reading from pretest to posttest (see Figure 2).
- Half (50 percent) of age-eligible students³ (not including adult corrections) earned high school course credits while in facility.
- Approximately 10 percent of age-eligible students³ earned a high school diploma or equivalent while in facility or after exit.

Figure 2. Performance of Long-Term² Students on Pre-Post Assessments in Reading and Mathematics, SY 2012–13

Technical Assistance (TA): NDTAC provides information on Title I, Part D program administration (e.g., reporting and evaluation, monitoring and compliance); program implementation (e.g., family involvement, transition); and related policies, laws, and initiatives. In addition, NDTAC offers TA through conferences, Webinars, issue briefs, fact sheets, and guides, and facilitates peer-to-peer networks (ND Communities). More national and State Title I, Part D program data can be found on the NDTAC Web site.

Interagency Collaboration: ED and NDTAC promote and facilitate communication and collaboration between Federal agencies and offices working with youth who are neglected or delinquent, including the following:

- ED, Office of Elementary and Secondary Education (OESE), Title I, Part A, and Homeless Education Programs
- ED, Office of Career, Technical, and Adult Education (OCTAE)
- U.S. Department of Justice (DOJ), Office of Juvenile Justice and Delinquency Prevention (OJJDP)
- DOJ, Juvenile Reentry Committee of the Federal Interagency Reentry Council
- ED/DOJ, Supportive School Discipline Initiative

¹ One additional group, “Other (91 students),” rounds to 0%.

² “Long-term” refers to students who are enrolled in a program for 90 or more consecutive calendar days.

³ Because student-level data are not available, academic outcomes are examined in the context of student eligibility to attain each outcome based on age. ED has determined age ranges for each outcome based on the ages at which a student could reasonably be expected to achieve each outcome. The age-eligible range for students earning high school course credits while in facility is 13–21 years old. The age-eligible range for students earning a high school diploma or equivalent while in facility or after exit is 16–21 years old.

2.4 Prevention AND INTERVENTION PROGRAMS FOR CHILDREN AND YOUTH WHO ARE NEGLECTED, DELINQUENT, OR AT RISK (TITLE I, PART D, SUBPARTS 1 AND 2)

This section collects data on programs and facilities that serve students who are neglected, delinquent, or at risk under Title I, Part D, and characteristics about and services provided to these students.

Throughout this section:

- Report data for the program year of July 1, 2012 through June 30, 2013.
- Count programs/facilities based on how the program was classified to ED for funding purposes.
- Do not include programs funded solely through Title I, Part A.
- Use the definitions listed below:
 - **Adult Corrections:** An adult correctional institution is a facility in which persons, including persons 21 or under, are confined as a result of conviction for a criminal offense.
 - **At-Risk Programs:** Programs operated (through LEAs) that target students who are at risk of academic failure, have a drug or alcohol problem, are pregnant or parenting, have been in contact with the juvenile justice system in the past, are at least 1 year behind the expected age/grade level, have limited English proficiency, are gang members, have dropped out of school in the past, or have a high absenteeism rate at school.
 - **Juvenile Corrections:** An institution for delinquent children and youth is a public or private residential facility other than a foster home that is operated for the care of children and youth who have been adjudicated delinquent or in need of supervision. Include any programs serving adjudicated youth (including non-secure facilities and group homes) in this category.
 - **Juvenile Detention Facilities:** Detention facilities are shorter-term institutions that provide care to children who require secure custody pending court adjudication, court disposition, or execution of a court order, or care to children after commitment.
 - **Neglected Programs:** An institution for neglected children and youth is a public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed under applicable State law due to abandonment, neglect, or death of their parents or guardians.
 - **Other:** Any other programs, not defined above, which receive Title I, Part D funds and serve non-adjudicated children and youth.

2.4.1 State Agency Title I, Part D Programs and Facilities- Subpart 1

The following questions collect data on Title I, Part D, Subpart 1 programs and facilities.

2.4.1.1 Programs and Facilities - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs and facilities that serve neglected and delinquent students and the average length of stay by program/facility type, for these students.

Report only programs and facilities that received Title I, Part D, Subpart 1 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/facilities will be automatically calculated. Below the table is a FAQ about the data collected in this table.

State Program/Facility Type	# Programs/Facilities	Average Length of Stay in Days
Neglected programs	0	
Juvenile detention	0	
Juvenile corrections	6	139
Adult corrections	1	365
Other	0	
Total	7	
Comments:		

FAQ on Programs and Facilities - Subpart I:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit, for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.1.1.1 Programs and Facilities That Reported - Subpart 1

In the table below, provide the number of State agency Title I, Part D, Subpart 1 programs/facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

State Program/Facility Type	# Reporting Data
Neglected Programs	0
Juvenile Detention	0
Juvenile Corrections	6
Adult Corrections	1
Other	0
Total	7
Comments:	

2.4.1.2 Students Served – Subpart 1

In the tables below, provide the number of neglected and delinquent students served in State agency Title I, Part D, Subpart 1 programs and facilities. Report only students who received Title I, Part D, Subpart 1 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables provide the number of students served by disability (IDEA) and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex and by age will be automatically calculated.

# of Students Served	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Total Unduplicated Students Served			1,331	40	
Total Long Term Students Served			538	40	

Student Subgroups	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Students with disabilities (IDEA)			539	11	
LEP Students			3	0	

Race/Ethnicity	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
American Indian or Alaskan Native			16	0	
Asian			13	0	
Black or African American			275	14	
Hispanic or Latino			466	16	
Native Hawaiian or other Pacific Islander			7	0	
White			541	10	
Two or more races			13	0	
Total			1,331	40	

Sex	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Male			1,180	40	
Female			151	0	
Total			1,331	40	

Age	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
3 through 5			0	0	
6			0	0	
7			0	0	
8			0	0	
9			0	0	
10			0	0	
11			0	0	
12			0	0	
13			14	0	
14			55	0	
15			108	0	
16			211	0	
17			314	0	
18			299	10	
19			211	8	
20			108	17	
21			11	5	
Total			1,331	40	

If the total number of students differs by demographics, please explain in comment box below.

This response is limited to 8,000 characters.

Comments:

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.3.1 Transition Services in Subpart 1

In the first row of the table below indicate whether programs/facilities receiving Subpart 1 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?			No	Yes	
Number of students receiving transition services that address further schooling and/or employment.			1,084	40	

This response is limited to 4,000 characters.

Comments: Colorado's Adult Corrections facility only can track students for one year, during which they are on community supervision status. Juvenile Corrections facilities do not have the ability to track students after program release.

2.4.1.3.2 Academic and Vocational Outcomes While in the State Agency Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the State agency program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	Neglected Programs		Juvenile Detention		Juvenile Corrections		Adult Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who										
Enrolled in their local district school					238		S	S		
Earned high school course credits					1,318		40	S		
Enrolled in a GED program					145		17	S		
Earned a GED					93		16	S		
Obtained high school diploma					52		7	S		
Accepted and/or enrolled into post-secondary education					28		14	S		
Enrolled in job training courses/programs					581		40	S		
Obtained employment					22		S	6		

This response is limited to 4,000 characters.

Comments:

2.4.1.6 Academic Performance- Subpart 1

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 1 in reading and mathematics.

2.4.1.6.1 Academic Performance in Reading – Subpart 1

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 1, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry			277	28	
Long-term students who have complete pre- and post-test results (data)			288	40	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams			24	30	
No change in grade level from the pre- to post-test exams			35	4	
Improvement up to one full grade level from the pre- to post-test exams			158	6	
Improvement of more than one full grade level from the pre- to post-test exams			71	S	
Comments:					

FAQ on long-term students:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.1.6.2 Academic Performance in Mathematics – Subpart 1

This section is similar to 2.4.1.6.1. The only difference is that this section collects data on mathematics performance.

Performance Data (Based on most recent testing data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Long-term students who tested below grade level upon entry			297	38	
Long-term students who have complete pre- and post-test results (data)			288	40	

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	Neglected Programs	Juvenile Detention	Juvenile Corrections	Adult Corrections	Other Programs
Negative grade level change from the pre- to post-test exams			24	32	
No change in grade level from the pre- to post-test exams			29	4	
Improvement up to one full grade level from the pre- to post-test exams			170	4	
Improvement of more than one full grade level from the pre- to post-test exams			65	5	
Comments:					

2.4.2 LEA Title I, Part D Programs and Facilities- Subpart 2

The following questions collect data on Title I, Part D, Subpart 2 programs and facilities.

2.4.2.1 Programs and Facilities – Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that serve neglected and delinquent students and the yearly average length of stay by program/facility type for these students. Report only the programs and facilities that received Title I, Part D, Subpart 2 funding during the reporting year. Count a facility once if it offers only one type of program. If a facility offers more than one type of program (i.e., it is a multipurpose facility), then count each of the separate programs. The total number of programs/ facilities will be automatically calculated. Below the table is an FAQ about the data collected in this table.

LEA Program/Facility Type	# Programs/Facilities	Average Length of Stay (# days)
At-risk programs	2	154
Neglected programs	0	
Juvenile detention	1	21
Juvenile corrections	12	230
Other	1	180
Total	16	
Comments:		

FAQ on average length of stay:

How is average length of stay calculated? The average length of stay should be weighted by number of students and should include the number of days, per visit for each student enrolled during the reporting year, regardless of entry or exit date. Multiple visits for students who entered more than once during the reporting year can be included. The average length of stay in days should not exceed 365.

2.4.2.1.1 Programs and Facilities That Reported - Subpart 2

In the table below, provide the number of LEA Title I, Part D, Subpart 2 programs and facilities that reported data on neglected and delinquent students.

The total row will be automatically calculated.

LEA Program/Facility Type	# Reporting Data
At-risk programs	2
Neglected programs	0
Juvenile detention	1
Juvenile corrections	12
Other	1
Total	16
Comments:	

2.4.2.2 Students Served – Subpart 2

In the tables below, provide the number of neglected and delinquent students served in LEA Title I, Part D, Subpart 2 programs and facilities. Report only students who received Title I, Part D, Subpart 2 services during the reporting year. In the first table, provide in row 1 the unduplicated number of students served by each program, and in row 2, the total number of students in row 1 who are long-term. In the subsequent tables, provide the number of students served by disability (IDEA), and limited English proficiency (LEP), by race/ethnicity, by sex, and by age. The total number of students by race/ethnicity, by sex, and by age will be automatically calculated.

# of Students Served	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Total Unduplicated Students Served	116		740	1,651	19
Total Long Term Students Served	82		28	1,238	19

Student Subgroups	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Students with disabilities (IDEA)	46		281	668	10
LEP Students	4		148	72	

Race/Ethnicity	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
American Indian or Alaska Native			5	60	
Asian	1		13	14	1
Black or African American	2		249	236	2
Hispanic or Latino	20		347	521	6
Native Hawaiian or other Pacific Islander	14			4	
White	71		122	739	10
Two or more races	8		4	77	
Total	116		740	1,651	19

Sex	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Male	116		585	1,118	19
Female			155	533	
Total	116		740	1,651	19

Age	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs

-------	-----	--	-----	-------	----

If the total number of students differs by demographics, please explain. The response is limited to 8,000 characters.

Colorado funds its Neglected programs through Title I, Part A.

FAQ on Unduplicated Count:

What is an unduplicated count? An unduplicated count is one that counts students only once, even if they were admitted to a facility or program multiple times within the reporting year.

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012 through June 30, 2013.

2.4.2.3.1 Transition Services in Subpart 2

In the first row of the table below indicate whether programs/facilities receiving Subpart 2 funds within the State are able to track student outcomes after leaving the program or facility by entering Yes or No. If not, provide more information in the comment field. In the second row, provide the unduplicated count of students receiving transition services that specifically target planning for further schooling and/or employment.

Transition Services	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Are facilities in your state able to collect data on student outcomes after exit?	No		No	Yes	Yes
Number of students receiving transition services that address further schooling and/or employment.	4		244	1,022	19

This response is limited to 4,000 characters.

Comments: Most Juvenile Corrections facilities are able to collect enrolment in local school district data for those exiting the facility, but nothing beyond that. Savio House tracks behavior outcomes, but not academic outcomes. Remington Center was able to report that one student had obtained employment, but stated the students often leave with little notice and typically they get very little information about how they are doing educationally. Griffith Center and S.L.V. Youthtrack, both At-Risk programs, and Gilliam School, a juvenile detention facility, do not collect data on student outcomes after exit.

2.4.2.3.2 Academic and Vocational Outcomes While in the LEA Program/Facility or Within 90 Calendar Days After Exit

In the table below, for each program type, first provide the unduplicated number of students who attained academic and vocational outcomes while enrolled in the LEA program/facility and next provide the unduplicated number of students who attained academic and vocational outcomes within 90 calendar days after exiting. If a student attained an outcome once in the program/facility and once during the 90 day transition period, that student may be counted once in each column separately.

Outcomes	At-Risk Programs		Neglected Programs		Juvenile Detention		Juvenile Corrections		Other Programs	
	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit	In fac.	90 days after exit
# of Students Who Enrolled in their local district school	32	S			740		941	208	S	S
Earned high school course credits	51	S			707		1,370	209	19	5
Enrolled in a GED program	S	S			61		58	12	S	S
Earned a GED	S	S			18		116	S	S	S
Obtained high school diploma	4	S			S		32	S	6	S
Accepted and/or enrolled into post-secondary education	S	S			S		28	S	4	S
Enrolled in job training courses/programs	S	S			S		51	8	S	S
Obtained employment	S	S			S		70	9	4	S

This response is limited to 4,000 characters.

Comments:

2.4.2.6 Academic Performance- Subpart 2

The following questions collect data on the academic performance of neglected and delinquent students served by Title I, Part D, Subpart 2 in reading and mathematics.

2.4.2.6.1 Academic Performance in Reading – Subpart 2

In the tables below, provide the unduplicated number of long-term students served by Title I, Part D, Subpart 2, who participated in reading testing. In the first table, report the number of students who tested below grade level upon entry based on their pre-test. A post-test is not required to answer this item. Then, indicate the number of students who completed both a pre-test and a post-test. In the second table, report only students who participated in both pre-and post-testing. Students should be reported in only one of the four change categories in the second table below. Reporting pre- and post-test data for at-risk students in the tables below is optional.

Report only information on a student's most recent testing data. Students who were pre-tested prior to July 1, 2012, may be included if their post-test was administered during the reporting year. Students who were post-tested after the reporting year ended should be counted in the following year. Below the tables is an FAQ about the data collected in these tables.

Performance Data (Based on most recent testing data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Long-term students who tested below grade level upon entry	38		28	820	15
Long-term students who have complete pre- and post-test results (data)	29		28	962	19

Of the students reported in the second row above, indicate the number who showed:

Performance Data (Based on most recent pre/post-test data)	At-Risk Programs	Neglected Programs	Juvenile Detention	Juvenile Corrections	Other Programs
Negative grade level change from the pre- to post-test exams	4		S	298	S
No change in grade level from the pre- to post-test exams	8		S	97	S
Improvement up to one full grade level from the pre- to post-test exams	7		17	374	16
Improvement of more than one full grade level from the pre- to post-test exams	10		11	193	S
Comments:					

FAQ on long-term:

What is long-term? Long-term refers to students who were enrolled for at least 90 consecutive calendar days from July 1, 2012, through June 30, 2013.

Is reporting pre-posttest data for at-risk programs required? No, reporting pre-posttest data for at-risk students is no longer required, but States have the option to continue to collect and report it within the CSPR.

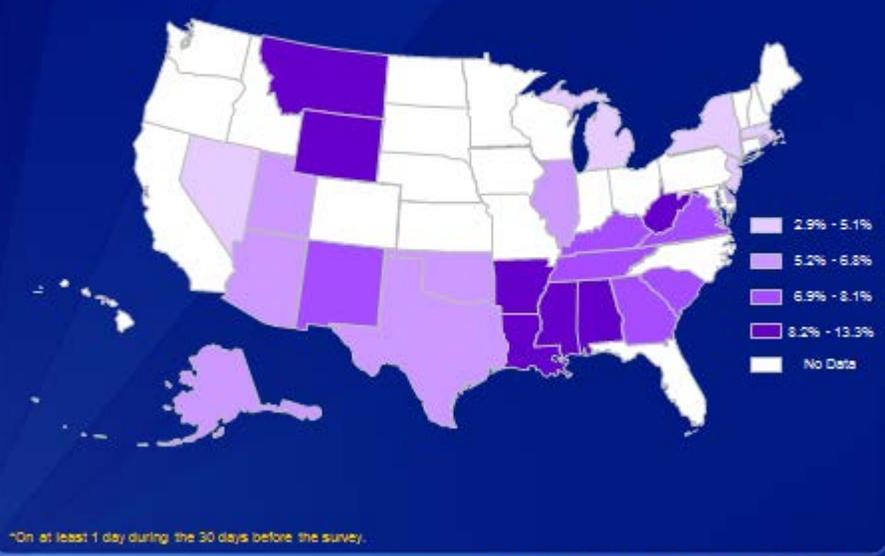

NATIONAL LEADERSHIP SUMMIT
on School Discipline and Climate

Washington, D.C. | October 6–7, 2014

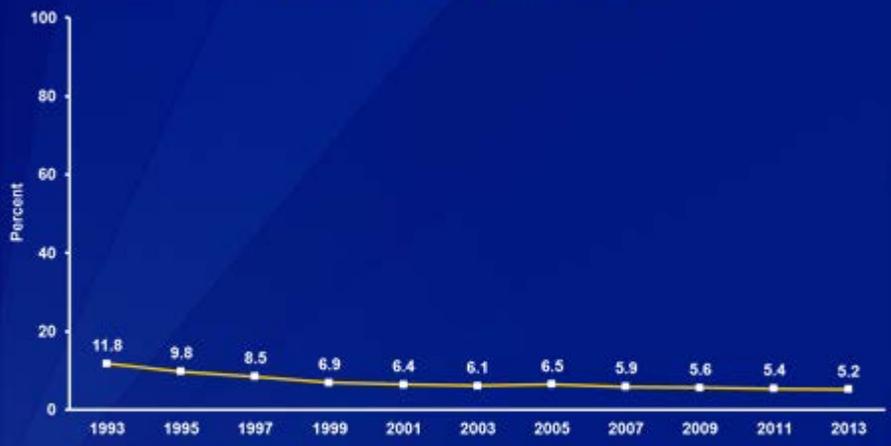

**Youth Risk
Behavior Survey
Data Collection**

Percentage of High School Students Who Carried a Gun*

State Youth Risk Behavior Surveys, 2013

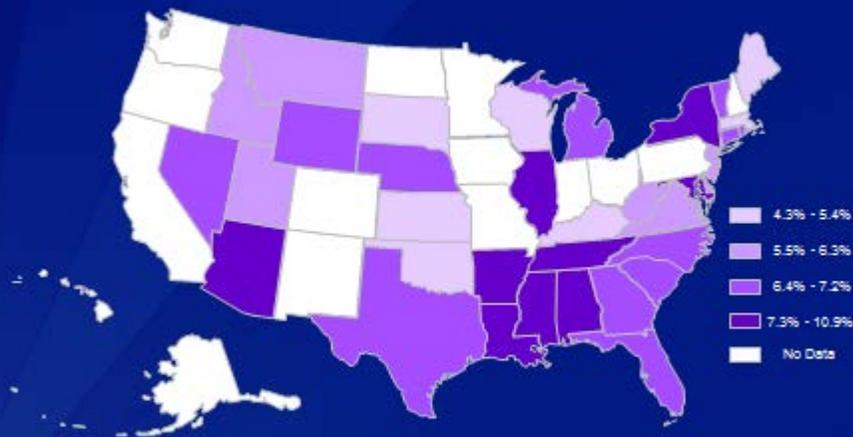

Percentage of High School Students Who Carried a Weapon on School Property,* 1993-2013†

*Such as, a gun, knife, or club on at least 1 day during the 30 days before the survey.
 †Decreased 1993-2013, decreased 1993-1999, decreased 1999-2013. (Based on linear and quadratic trend analyses using logistic regression models controlling for sex, race/ethnicity, and grade ($p < 0.05$). Significant linear trends (if present) across all available years are described first followed by linear changes in each segment of significant quadratic trends (if present).)

National Youth Risk Behavior Surveys, 1993-2013

Percentage of High School Students Who Were Threatened or Injured with a Weapon on School Property*

*Such as, a gun, knife, or club one or more times during the 12 months before the survey.

State Youth Risk Behavior Surveys, 2013

Percentage of High School Students Who Were Threatened or Injured with a Weapon on School Property,* 1993-2013†

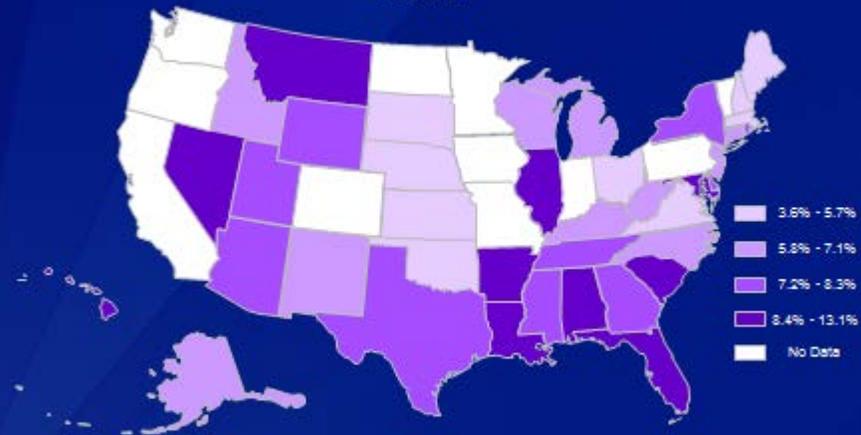

*Such as, a gun, knife, or club one or more times during the 12 months before the survey.

†Decreased 1993-2013, no change 1993-2003, decreased 2003-2013. (Based on linear and quadratic trend analyses using logistic regression models controlling for sex, race/ethnicity, and grade ($p < 0.05$). Significant linear trends (if present) across all available years are described first followed by linear changes in each segment of significant quadratic trends (if present).)

National Youth Risk Behavior Surveys, 1993-2013

Percentage of High School Students Who Did Not Go to School Because They Felt Unsafe at School or on Their Way to or From School*

*On at least 1 day during the 30 days before the survey.

State Youth Risk Behavior Surveys, 2013

Percentage of High School Students Who Did Not Go to School Because They Felt Unsafe at School or on Their Way to or From School,* 1993-2013†

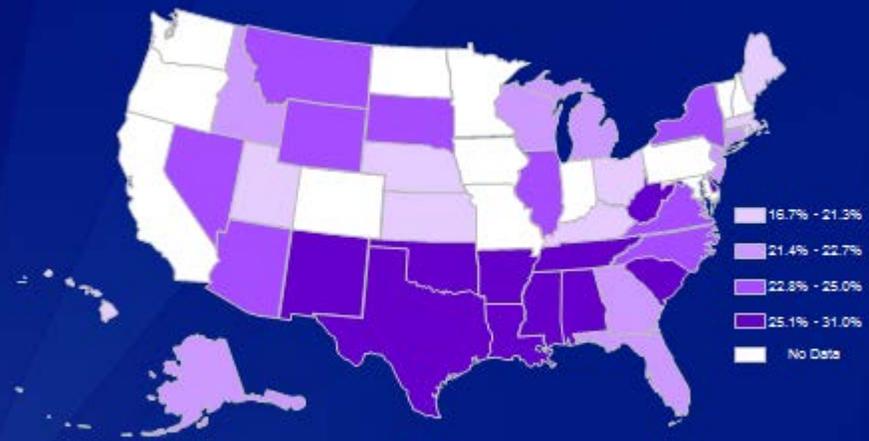

*On at least 1 day during the 30 days before the survey.

†Increased 1993-2013 (Based on linear and quadratic trend analyses using logistic regression models controlling for sex, race/ethnicity, and grade ($p < 0.05$). Significant linear trends (if present) across all available years are described first followed by linear changes in each segment of significant quadratic trends (if present).]

National Youth Risk Behavior Surveys, 1993-2013

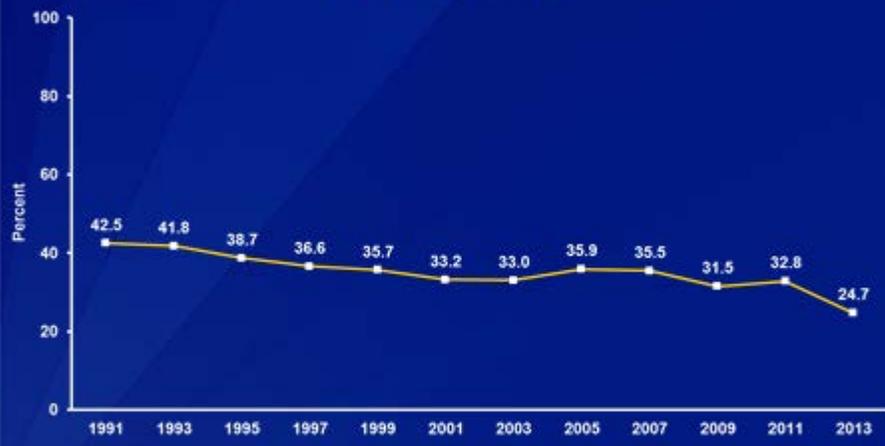

Percentage of High School Students Who Were in a Physical Fight*

*One or more times during the 12 months before the survey.

State Youth Risk Behavior Surveys, 2013

Percentage of High School Students Who Were in a Physical Fight,* 1991-2013†

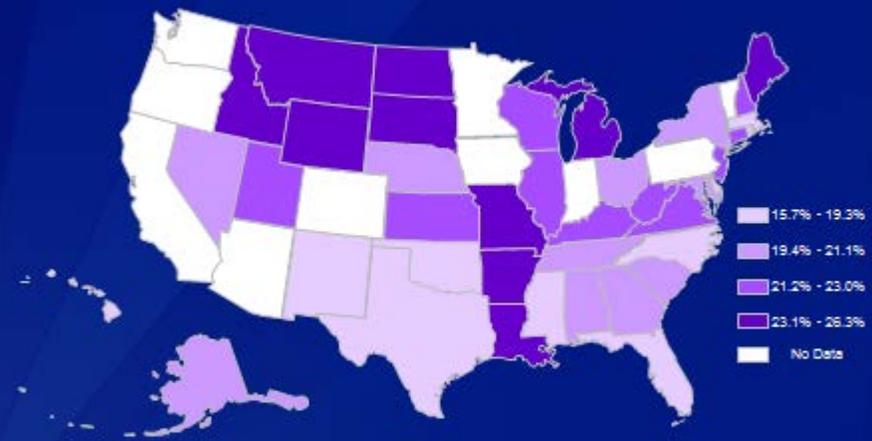

*One or more times during the 12 months before the survey.

†Decreased 1991-2013 [Based on linear and quadratic trend analyses using logistic regression models controlling for sex, race/ethnicity, and grade ($p < 0.05$). Significant linear trends (if present) across all available years are described first followed by linear changes in each segment of significant quadratic trends (if present).]

National Youth Risk Behavior Surveys, 1991-2013

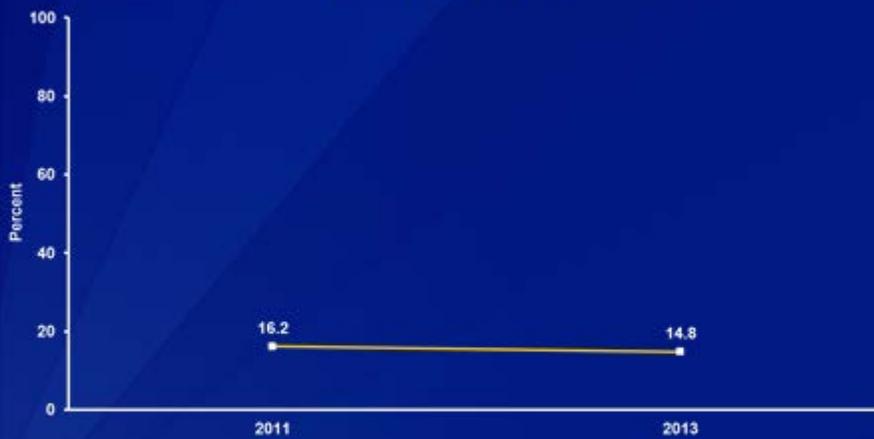

Percentage of High School Students Who Were Bullied on School Property*

*During the 12 months before the survey.

State Youth Risk Behavior Surveys, 2013

Percentage of High School Students Who Were Electronically Bullied,* 2011-2013†

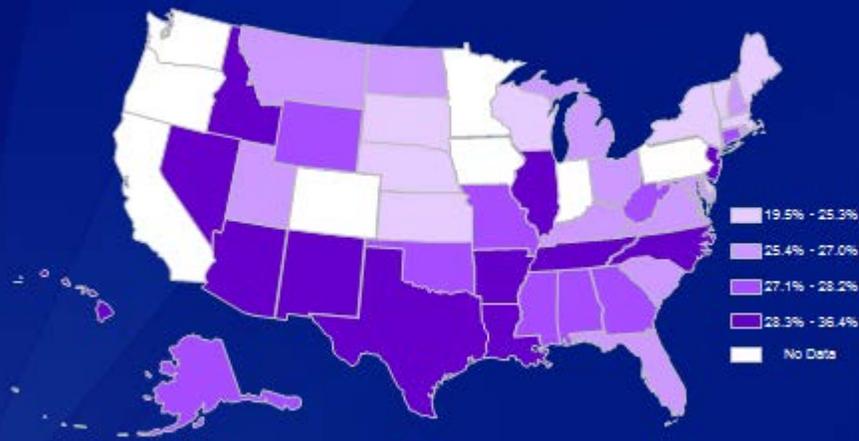

*Including being bullied through e-mail, chat rooms, instant messaging, websites, or texting during the 12 months before the survey.

†No change 2011-2013 (Based on linear and quadratic trend analyses using logistic regression models controlling for sex, race/ethnicity, and grade ($p < 0.05$). Significant linear trends (if present) across all available years are described first followed by linear changes in each segment of significant quadratic trends (if present).)

National Youth Risk Behavior Surveys, 2011-2013

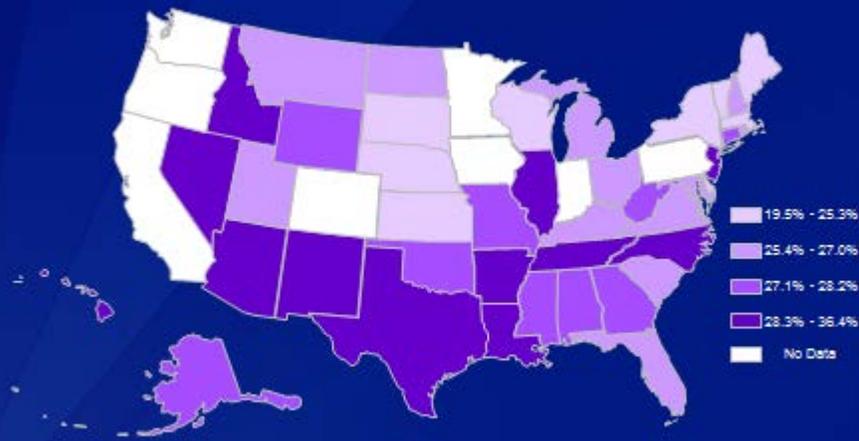

Percentage of High School Students Who Felt Sad or Hopeless*

*Almost every day for 2 or more weeks in a row so that they stopped doing some usual activities during the 12 months before the survey.

State Youth Risk Behavior Surveys, 2013

Percentage of High School Students Who Felt Sad or Hopeless*

*Almost every day for 2 or more weeks in a row so that they stopped doing some usual activities during the 12 months before the survey.

The national, state and local Youth Risk Behavior Survey (YRBS) monitors priority health risk behaviors that contribute to the leading causes of death, disability and social problems among youth and adults in the United States. The YRBS is conducted every two years during the spring semester and provides self-reported data representative of 9th through 12th grade students in public and private schools nationally and representative samples of public high school students for states, territories, tribal and districts.
